GASETTE

GSE turns 50! Celebrate our anniversary by playing the game. Animated images are hidden in each article of La GaSEtte. Find them!

🔍Pay attention to details: once you've found them, you'll be taken to an entry form where you can try your luck.
🎁 One winner will be chosen at random from all participants and will receive a prize.

Good luck!
*The game ends on 3 December 2026

Reinventing logistics real estate in Paris

Going vertical & compact on a logistics brownfield: the multistorey model doubles the floorspace while renaturing 46% of the site thanks to the rigorous application of the Avoid - Reduce - Compensate principle.

1976-2026: Half a century of innovative and committed construction

GSE is celebrating 50 years of expertise from logistics platforms to industrial facilities, office buildings and now Data Centers. This milestone is the occasion to restate our insatiable appetite for innovation and our bold approach to building increasingly sustainable and productive commercial real estate.
