GASETTE

GSE turns 50! Celebrate our anniversary by playing the game. Animated images are hidden in each article of La GaSEtte. Find them!

🔍Pay attention to details: once you've found them, you'll be taken to an entry form where you can try your luck.
🎁 One winner will be chosen at random from all participants and will receive a prize.

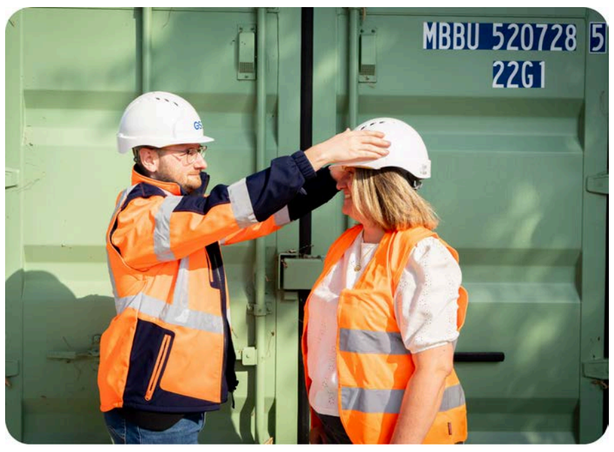

Good luck!
*The game ends on 3 December 2026.

GWR3 Low-Carbon concrete: A revolution in the making!

Low-carbon concrete is entering a new era! The GWR classes establish a common framework based on a measurable criterion: global warming potential (GWP).
