GASETTE

GSE turns 50! Celebrate our anniversary by playing our 50th anniversary game. Animated images are hidden in each article of La GaSEtte. Find them!
This is your last chance to participate.

🔍Pay attention to details: once you've found them, you'll be taken to an entry form where you can try your luck.
🎁 One winner will be chosen at random from all participants and will receive a prize.

Good luck!
*The game ends on 3 December 2026.

The Project Manager: A Balancing Act Amid Constant Change

Project managers face daily challenges: delays, technical setbacks, or shifting priorities.
Their mission? Achieve a perfect balance to ensure the success of every project.

Who am I?

I am the first point of contact with a company, even before stepping through its doors. I ensure accessibility, safety, and comfort for both visitors and employees. My design and practicality directly enhance user experience and strengthen the company's overall image.

The Social Challenges of Construction: 50 Years of Transformation

GSE celebrates 50 years of history defined by strong values, iconic buildings, and overcoming ambitious challenges. Beyond technological advancements and new materials, sociologist Sébastien Bauvet examines the connection between professional construction and humanity, placing people at the heart of every project.
